

# STEVANUS PAULUS MESAK PELLO

**Network Security Engineer | Cyber Security Analyst**

Jakarta, Indonesia

Email: [Stevanuspmp@gmail.com](mailto:Stevanuspmp@gmail.com)

Phone: +62 851-5657-9175

---

## PROFESSIONAL SUMMARY

Network Security Engineer with hands-on experience in enterprise proxy management, network security operations, and security automation within a regulated banking environment. Demonstrates strong fundamentals in IP addressing, traffic analysis, and policy enforcement, complemented by Python-driven automation to improve operational efficiency. Brings a systems-oriented mindset, academic readiness, and leadership experience suited for both industry roles and graduate-level study.

---

## CORE SKILLS

- Network & Proxy Security Engineering
  - IP Addressing, Subnetting, CIDR Design
  - Firewall, Access Control & Traffic Policy Enforcement
  - DLP Integration & Secure Traffic Routing
  - Log Analysis, Root Cause Analysis & Incident Support
  - Security Automation & Scripting (Python)
  - Active Directory, Data Processing & Reporting
- 

## PROFESSIONAL EXPERIENCE

### Cyber Security Analyst

**PT Bank Central Asia Tbk (BCA) | Jakarta**

2023 – Present

- Manage and monitor enterprise-scale proxy infrastructure to ensure secure, stable, and compliant network traffic flows.
- Design and enforce IP-based security policies, including subnet classification, access control, and traffic filtering.
- Conduct in-depth troubleshooting using proxy, network, and DLP logs to identify root causes and mitigate incidents.
- Develop Python automation scripts to normalize, deduplicate, and classify large-scale IP and URL datasets, improving operational efficiency.
- Support proxy-DLP integration and analyze traffic routing behavior in a regulated banking environment.

## **IT Department / Sole IT Engineer**

**Zalmon Fabric | Indonesia**

2017 – 2023

- Led all IT functions independently, covering networking, systems administration, troubleshooting, and internal support.
- Designed and maintained small-to-mid scale network environments supporting daily business operations.
- Developed and maintained frontend, backend, and database-driven applications to support internal workflows.
- Demonstrated high adaptability by rapidly learning and applying new technologies in a resource-limited environment.

## **Additional Experience (Selected)**

- **Frontend Developer – Zayana Organic:** Designed and implemented platform UI; utilized Liquid programming for customization.
- **Founder & Full-Stack Developer – EdooMoo (2022):** Built a learning platform end-to-end; managed product and operations.
- **Co-Founder & HR / General Manager – Rooma Living (2020):** Led operations, recruitment, and team development.

---

## **CERTIFICATIONS**

**CompTIA Security+ ce Certification** — CompTIA

Issued: **Dec 2024** · Expires: **Dec 2027**

Credential ID: **COMP001022656054**

---

## **EDUCATION**

**Bina Nusantara University (BINUS)** — Bandung, Indonesia

Bachelor's Degree in Computer Science

2018 – 2023 | GPA: **3.19**
